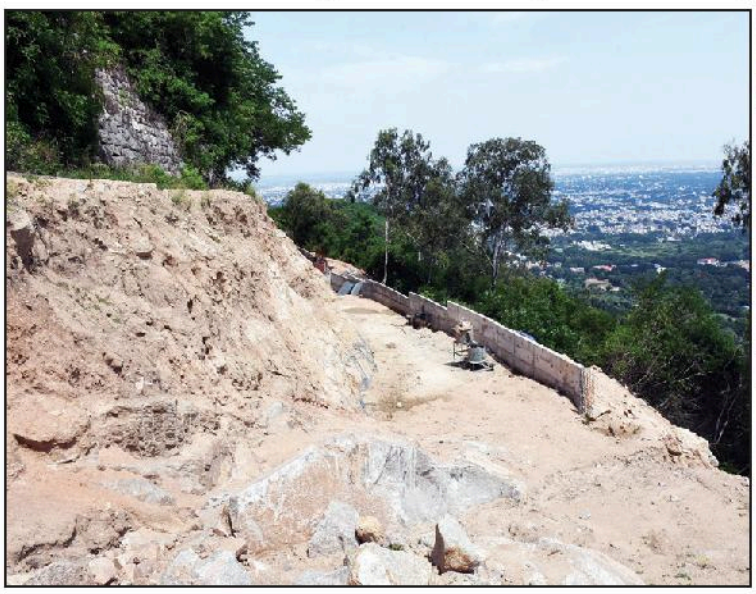
Construction of Chamundi Hill retaining wall

10 months on, 40 percent work over; 3 more months needed

New technology of fixing retaining wall to Hill's rocky structure to prevent landslides



The retaining wall works in progress on Nandi Statue Road atop Chamundi Hill this morning.

Mysuru, June 6 (RK&BCT)- Works on constructing a retaining wall to restore the portions of the Nandi Statue Road atop Chamundi Hill that witnessed a series of landslides is still a work-in-progress project even after 10 months and till now, only 40 percent has been completed.

As all iron and steel fabrication and precast concrete materials are ready with only fixing part pending, engineers told *Star of Mysore* this morning that they need three more months to complete the project.

The work on the retaining wall began in August 2022 after the then Government released Rs. 10 crore and till December last year, heavy rains hampered the construction. The earthworks have now been completed and a 30-ft trench has been dug up to accommodate the huge retaining wall. The foundation for the wall has been laid and the structure has been raised to the top, PWD Executive Engineer Raju told *Star of Mysore* this morning.

Extensive damage has been caused between the View Point and Nandi Statue and the damages extend up to 400 metres. All the materials required for the civil works like cement and iron have been kept ready and we need to fix it now. We are using a new technique where the massive retaining wall is fixed to the Chamundi Hill's rocky surface with the help of grooves where iron rods are inserted and they are then grouted into place. This will prevent future landslides," Raju explained.

City's renowned Karnatak vocalist

Dr. Gowri Kuppuswamy passes away at 92

Mysuru, June 6- Renowned Karnatak vocalist Dr. Gowri Kuppuswamy, who was residing with her son Dr. M. Hariharan at his flat in Jayalakshmipuram, passed away this morning following brief illness at a private hospital in city. She was 92.

She leaves behind her daughter Dr. Radhika Prabhakar, a Pathologist in Singapore, son-in-law Dr. K.S. Prabhakar, a Nephrologist at Jeddah in Saudi Arabia, son Dr. M. Hariharan (who retired as Special Officer, Government of Pondicherry), daughter-in-law V.S. Rama, a former student of Gowri Kuppuswamy, grandchildren Aparna Prabhakar and Madhurambika and a host of relatives and friends. Her husband Kuppuswamy had passed away at the age of 87 on Oct. 1, 2010.

Dr. Gowri Kuppuswamy

Last rites will be held at Chirashanthidhama in Gokulam tomorrow after her daughter and granddaughter arrive from Singapore.

Born on Aug. 3, 1931 to R. Natesan and Balakujam couple in Pudukkottai district, Tamil Nadu, Gowri had an inclination towards music as a child. It was her upbringing at her maternal grandparents' home in Pudukkottai that naturally ingrained music in her.

Gowri got married to Kuppuswamy on June 3, 1946 at Pudukkottai when Kuppuswamy was working as a scientist in Bengaluru, before he got a job in the newly founded Central Food Technological Research Institute (CFTRI), Mysuru, in 1950.

For over 50 years, Gowri Kuppuswamy has enthralled music buffs on radio as she regularly performed from Mysuru, Dharwad, Madras and Pondicherry Stations of All India Radio (AIR) besides performing on TV from Tashkent (USSR), Singapore and Trivandrum.

Trinity Academic Excellence Awardees

Ajay *Rohith*

Mysuru, June 6- Rotary Mysore Midtown has organised a programme at Rotary Centre on JLB Road in city at 6.30 pm tomorrow (June 7) to present 'Trinity Academic Excellence Award 2022-23.' Swami Muktidanandaji, President, Ramakrishna Ashram, Mysuru, will confer the award on S. Ajay (SSLC 621/625) and Rohith Kalyanpur (PUC 592/600).

SHABD-2023: SJCE's Annual Art and Literary Fest on June 10 and 11

Mysuru, June 6- The Editorial Board of Sri Jayachamarajendra College of Engineering (SJCE), a constituent college of JSS Science and Technology University, JSS Mahavidyapeetha, Mysuru, is organising its Annual Art and Literary Fest 'SHABD-2023' on June 10 and 11 at its premises.

The chief guests for the event are Badal Nanjundaswamy, a renowned artist and Hiremagaluru Kannan, a renowned orator.

The two-day Fest will comprise competitions of art and literature in Kannada and English.

The competitions do not have any kind of constraints regarding age and registration fees. Winners will be awarded cash prizes up to Rs. 65,000.

The event will start at 10 am on June 10 and 5 pm on June 11.

For details, contact Sanchitha V. Kumar on Mob: 70194-23015 or Surabhi Sreenivasan on 78298-32267 or Kshamata Kaujalgi on 98868-68152.

EDITOR'S BOTTOMLINE

While investigations are ongoing and it will take some time for the authorities to pinpoint the exact cause, it is assumed that a fault in the signalling system led to the triple train crash. Was the fault completely mechanical or was it triggered by human error? It is strange that a super fast train entered a loop line where there was another train and stranger that no warnings were available for yet another train speeding towards it. Sadly, the failure of safety systems comes to light only when an accident occurs and the lapses are forgotten till the next accident. The much touted indigenously made Kavach, which helps avert collisions, has been installed only for about 1,500 km of 70,000 km. A lot of infrastructure has been upgraded and improved, but, on the other hand, even promises about time-bound projects have not been fulfilled. It has been reported that only Rs. 1.9 lakh crore of the Rs. 2.15 lakh crore allocated for Railway safety in 2021-22 was actually spent. The best technology is not utilised, and there are lakhs of vacancies at all levels. Also, skill development is largely ignored. Most of the recommendations of 2012 Kakodkar Committee and the proposal for an independent Railway safety agency are yet to be implemented.

India has the fourth largest rail network in the world but tops in the number of accidents and casualties. The Government and the Railway authorities are strong on publicity and propaganda but have been short on performance. Railway Minister Ashwini Vaishnaw has other important portfolios under his charge, and that shows the importance the Ministry gets. It is fine to claim credit for showpieces like Vande Bharat, but Indian Railways' basic responsibility is to ensure safe travel in every train that it runs. — *In Deccan Herald*

NEWS SPARKLERS

Seagulls get 'high' after making off with drugs

London: Britain's seagulls seem to be developing an appetite for a little more than just unguarded fish and chips.

There are apparently increasing reports of the seaside pests swooping down to make off with drug-users stashes – in particular, a group of synthetic cannabinoids known as 'spice'.

Spice use in humans can cause euphoria, talkativeness, paranoia, nausea and mood swings. In some cases, the sedative effects are so acute that users have been compared to zombies.

Surprisingly enough, there's been very little research into the synthetic narcotics' effects on seagulls.

Incidents of the birds swooping down to nick users' stashes of the drug have apparently been reported in Hastings, East Sussex, Margate and Kent, as well as cities including London, Leeds, Manchester and Liverpool, reports stated.

One of the birds 'went mad' after taking someone's supply of the drug, dive-bombing pedestrians before eventually coming to collapse on the pavement.

Worm charming contest sees winners wiggle

Cornwall: The third annual Falmouth Worm Charming Championships was held in Cornwall on Sunday which saw hundreds of worms enticed up to the surface.

The skill is also known as worm grunting or worm fiddling. This year competitors managed to charm 260 worms out of the ground - a massive increase on last year, which was held during a heatwave and only saw one solitary worm reach the surface.

Some techniques used during this year's competition include praying to the worm gods, writing a love letter to the worms, playing the didgeridoo, and blowing into vuvuzelas.

HEALTH CAPSULE

Apart from acting as a filter, kidneys also produce various hormones which regulate bodily functions. Renin is one such hormone which is responsible for high blood pressure.

Rs. 2,000 notes exchange woes in SBI

Sir,

This is with regard to demonetisation of Rs. 2,000 currency notes and exchange in Banks particularly the so-called Nationalised Banks.

I visited SBI Branch Office in K.G. Koppal, Mysuru, along with Rs. 2,000 notes amounting to Rs. 20,000. This was in accordance with a Government Order.

In fact the previous day I had exchanged Rs. 2,000 notes (amounting Rs. 20,000) at Bank of Baroda (where I do not have an account) by just giving my PAN number along with cash.

But to my horror at SBI, the Manager outrightly refused to accept the cash for exchange as I did not have an account in that Bank and Know Your Customer (KYC) form too.

No amount of requests moved the Manager. I pointed out that only the previous day I had exchanged Rs. 2,000 notes at Bank of Baroda branch without having to adhere to the SBI rules. In the end I had no choice but to deposit the amount in my wife's SB account (my wife is an account holder in the particular Bank).

The above episode left me with a hurt feeling and kept me wondering how can the Order of the Government be different from Bank to Bank.

Bogadi South 1.6.2023

NOTE: *This is the problem in all our Government Institutions. It is primarily because the Head of the Institution is not a leader — he is either dependent on the rule-book following its letter only (like following the Holy Books) and not its spirit. These are the officers without any capacity to take a decision where his own intelligence and common sense should come to resolve the problem. We have come across many such instances and had to fight it out because, after all, it is our money.* **—Ed**

Actor Mandya Ramesh conferred 'Kannada Rangasiri' Award at USA

Mysuru, June 6- Noted Kannada actor and theatre personality Mandya Ramesh was presented 'Kannada Rangasiri' award at a theatre performance organised by USA-based 'Ranga Vartula', a theatre group established by American Kannadigas, at Synetic Theatre in Washington DC, USA recently.

Ramesh

He was conferred with the award in recognition of his services to Kannada theatre. Ramesh is the Founder-Secretary of Natana Rangashaale in Mysuru.

Dr. Chandrashekar Kambar's popular play 'Karimaayi' was enacted by Ranga Vartula, which was the group's first performance, much to the delight of the audience.

Speaking on the occasion, America-based Kannada writer Dr. Mysore Nataraj said that more than 30 amateur artistes of Ranga Vartula theatre group performed excellently in the play. Earlier singer Sunitha Ananthaswamy rendered theatre songs. Ranga Vartula Founder-Director Nitish Sridhar and others were present.

Power disruption tomorrow

Mysuru, June 6- As the Chamundeshwari Electricity Supply Corporation (CESC) will be taking up the 1st quarterly maintenance works at Vijayanagar Power Distribution Centre, there will be no power supply tomorrow between 10 am and 6 pm in the following areas: Gokulam 1st, 2nd and 3rd Stages, Mahadeshwara Layout, Vijayanagar 1st and 2nd Stages, Hinkal, Yadavagiri, Manjunathapura, Mahajana Layout, Vontikoppal, Jayalakshmipuram, CFTRI, DC's residence, Nurse Quarters, Akashavani, ESI Hospital, Hasukaru Park, Kalidasa Road, Yadavagiri Industrial Area, Adipampa Road, MMC Ladies Hostel, Gen. K.S. Thimayya Road, Brindavan Extension, Yoga Narasimhaswamy Temple and surrounding areas.

Mandakalli Power Distribution Centre (10 am to 5.30 pm): Jnanaganga Layout, Srinagar, BTA Layout, Mahalakshmi Layout, Venkatadri Layout, Saroja Layout, Siddappa Layout, Vasanth Layout, KSRTC Layout, Vijayakumar Layout, Silktech Layout, Siddalingeshwara Layout, MCRTC Layout, Aishwarya Layout, Shivanand Bharati Layout, BEML Layout, Sharada Layout, Gurukula Layout, Nestle Layout, M.K. Mahesh Layout, Bhavani Layout, RK Layout, Thibbadevi Farm, Avalakki Factory, BTA Layout, 'D' Zone MUDA Layout, Koppalur, Drushti Enclave, Vinayaka Enclave, Hulugadri Layout, Pushpakumari Layout and surrounding areas, according to a press release.

Former MLC D. Madegowda feted on his 81st birthday

Mysuru, June 6 (PM&DM)- Former MLC D. Madegowda, who is popularly known as 'Mane Madegowda' for his 'Asha Mandira' and other housing schemes under which scores of shelterless either got homes or sites, was felicitated by Yuva Grama Abhyudaya Samithi on his 81st birthday at his (Madegowda) residence in Kumbarakoppal here yesterday.

Speaking on the occasion, local leader Patel Nagaraj said that Madegowda, as the Chairman of the then CITB (now MUDA), is credited with the formation of 9 localities and distribution of over 30,000 sites in a span of just 18 months, which is why he is known as 'Mane Madegowda.'

Maintaining that it is a coincidence that Madegowda is celebrating his birthday just a day after erstwhile Mysore ruler Nalwadi Krishnaraja Wadiyar Jayanti (June 4), he said that the former MLC has won many coveted awards and prizes including Nalwadi Krishnaraja Wadiyar Award for social service and Karnataka State Award. He further said that Madegowda received a prestigious National Award for implementation of 'Nirmala Nagara' Project.

He said that Madegowda is also credited with the development of Mahadeshwara temple in Kumbarakoppal on the lines of M.M. Hills temple in Hanur taluk of Chamarajanagar district. He also established Mahadeshwara Samudaya Bhavan and Basava Samudaya Bhavan in the locality, he added. Chamaraja Constituency BJP leaders Kumar Gowda, Raju, Navin, Cheluvegowda, Manjugowda, Dinesh, Adarsh, Ganesh, Pattabhi, Siddegowda, Bharath, Praveen and others were present.

Conditions and guidelines for free power, free bus schemes

Bengaluru, June 6 (Agencies)- The Congress Government's much-anticipated 'Gruha Jyothi' scheme, offering free electricity of up to 200 units for domestic consumers, is set to be implemented in July, with the benefits reflected in the August billing cycle.

To ensure a smooth rollout, the Government has issued comprehensive guidelines outlining the conditions and eligibility criteria for availing the scheme's advantages.

Under the scheme, each individual will be eligible for benefits on only one meter. If an individual has multiple RR numbers (consumer accounts) associated with their name, they can choose to avail the scheme's benefits for a single meter of their choice. This measure ensures fairness and avoids misuse of the scheme.

Tenants too eligible

Recognising the importance of extending the scheme's benefits to tenants, the Government has taken steps to include them. Tenants can now register the RR number of the house they reside in by providing their Aadhaar number and a copy of the rental agreement on the Seva Sindhu portal. This provision ensures that tenants, irrespective of their status, can avail themselves of the benefits if they possess a unique RR number. The unique identification number, known as the RR (Revenue Register) number, assigned to each electricity connection with a separate meter, will serve as the basis for determining eligibility. This means that both landlords and tenants with a valid RR number will be eligible for the scheme, regardless of their respective roles.

Clear pending bills

To streamline the benefits and consolidate efforts to uplift the poor, existing power supply schemes targeting disadvantaged segments such as Bhagya Jyothi and Kuteera Jyothi will be merged under the new 'Gruha Jyothi' scheme. In a gesture of support, consumers will be granted a three-month grace period to settle pending bills for power consumed until June 30. Failure to clear the outstanding bills by the end of this period will result in a disconnection of power supply.

To be eligible for the scheme, consumers must have an average electricity consumption of less than 200 units over the past year (from July 2022 to July 2023), with a buffer of 10 percent.

The average consumption for each meter will be clearly stated in the monthly bill. In cases where consumers exceed the average number of units, they will be responsible for paying the extra amount.

Highlights of 'Gruha Jyothi'

- Billing will begin from the usage in July and will be reflected in the August bill.
- Beneficiaries will have to register for the scheme on the Seva Sindhu portal.
- Each beneficiary will be given a customer ID/account ID and they will have to link their Aadhaar mandatorily.
- The scheme will be applicable only for domestic connections.
- Those with non-domestic and industrial connections will not qualify.
- All balances on electricity bills till June 30 should be cleared within three months. Or power will be disconnected.
- Each month, the meter reading will be done mandatorily and given to the consumer. If the bill amount is zero then the bill will reflect that.
- Existing schemes like Bhagya Jyothi/ Kuteera Jyothi and Amrutha Jyothi will be subsumed under the 'Gruha Jyothi' scheme.

Average to be considered

For instance, if an individual's average consumption (including the additional 10 percent buffer) is calculated at 150 units per month, they will not have to pay any bills, including the fixed charges, as the Government will cover these costs. However, if the person's monthly consumption exceeds 150 units, they will only be charged for the extra units consumed at a rate of Rs. 7 per unit.

The scheme will not levy any fixed charges or taxes. However, consumers with an average consumption recorded as less than 200 units but exceeding 200 units in a particular month will be required to pay the full bill amount according to regular billing. The Government will bear the expenses incurred by the ESComs (Electricity Supply Companies), including the Fuel and Power Purchase Cost Adjustment, ensuring a seamless implementation of the scheme.

Women to get 'Shakti Smart Card' for free bus travel

The Government will issue 'Shakti Smart Card' for women beneficiaries for free travel after receiving applications from women, including students, through the Seva Sindhu portal. It has asked all State Road Transport Corporations to accept any identity card issued by the Central or State Government that carries the photograph and address of the beneficiary till then to issue 'zero ticket' (free ticket).

The Government has directed the issuance of smart cards to be completed within three months. The Government has said that the reimbursement to the Transport Corporations would be made on the basis of actual distance travelled by women passengers. The free travel is restricted within the State for women who are domicile of Karnataka. They will be able to travel in general and express services operated by the RTCs.

Rajahamsa, non-AC sleeper, Vajra, Vayu Vajra, Airavatha, Airavatha Club Class, Airavatha Gold Class, Ambari, Ambari Dream Class, Ambari Utsav, Fly Bus, EV Power Class as those services that will not come under free travel scheme.

The Government has reserved 50% of the seats for men in the services which women are eligible to avail in all RTCs except BMTC services.

KERC hikes tariff again; CM chooses to shift blame

Small industries register protest; warns shut down

Bengaluru, June 6 (Agencies)- The Karnataka Electricity Regulatory Commission (KERC), which had hiked the rate of 70 paise per unit of electricity on May 12, has now again ordered an average increase of 51 paise per unit under the pretext of 'Fuel and Power Purchase Cost Adjustment (FPPCA)' charge.

As per the new notification, BESCom consumers have to pay 51 paise extra per unit from July 1 to Sept. 30. From Oct. 1 to Dec. 31, 50 paise extra needs to be paid for every unit of electricity. MESCom consumers have to pay 47 paise per unit from July 1 to Sept. 30 and 46 paise from Oct. 1 to Dec 31.

CESC (Mysuru) consumers have to pay 41 paise more for every unit from July 1 to December 31 while HESCom (Hubballi-Dharwad) consumers have to shell out 50 paise more for every unit from July 1 to Dec. 31.

GESCom (Kalaburagi) consumers have to pay 34 paise per every unit extra from July 1 to Sept. 30 and 33 paise for every unit from Oct. 1 to Dec. 31.

On the issue of a hike in electricity tariff by Rs. 2.89 per unit, Chief Minister Siddharamaiah said, the decision was not taken by the Government but by the KERC. "We did not decide to hike the electricity tariff. The KERC has decided. We have implemented it," he said.

Meanwhile, the Karnataka Small Scale Industries Association (KASSIA) warned that its members would shut down the industry if the hike is not reversed. The Association warned that such hikes will hurt the industry till normalcy is restored in the economy or for at least two years.

Hatred towards younger brother results in kidnap and murder of elder brother

Mandya Rural Police arrest four; Missing case turns into murder case

Mandya, June 6- Mandya Rural Police, who were investigating a missing case, have arrested four persons on charges of kidnapping and murdering the missing person and have registered a murder case against the four persons.

Those arrested are Bheemesh, a resident of Bevinahalli village in the taluk and his friends Sunil, Vinay and Niranjan, all residents of Anekere Street in Mandya. The person, who was allegedly kidnapped and murdered, is Venkatesh (33), a resident of Sathanur village, who was working at a garments store in Mandya.

Details: Venkatesh's mother, on May 22, had lodged a missing complaint at Mandya Rural Police Station. Sub-Inspector Kumar, who took up the investigation, came across a half burnt body of a man at a deserted place in Hulikere Forest limits.

On inspecting the charred body, the Police came to know that the body was that of Venkatesh, who had gone missing and the miscreants in a bid to destroy the identity of the body, had poured petrol over it and had set it on fire.

Venkatesh's mother, who identified the body as that of Venkatesh, also informed the Police about the difference between her younger son Ramesh and Bheemesh of Bevinahalli.

The Police, who began their investigation in this angle, came to know that Bheemesh had gone absconding from Mandya and had launched a hunt to nab him. The Cops finally nabbed him and his friends and subjected them to interrogation during which they came to know that hatred towards Ramesh had made the accused kidnap and murder his elder brother Venkatesh.

Accused Bheemesh and his friends Sunil, Vinay and Niranjan showing the crime spot during spot mahazar to the Police.

It is learnt that there were differences in opinions between Ramesh and Bheemesh over financial issues and a few months back, Ramesh had reportedly assaulted Bheemesh over the same matter in Bengaluru and a case was registered at Basaveshwaranagar Police Station. The Police had arrested Ramesh, who later came out on bail.

Assuming that there was danger from Ramesh, Bheemesh and his friends on May 22 midnight came to Ramesh's house and as Ramesh was not in the house, Bheemesh and his friends took Venkatesh with them. They later took him to a deserted place in Hulikere Forest limits, where they allegedly killed Venkatesh, poured petrol on the body and set fire to it. The accused then left to Tirupati, according to preliminary investigation. It is to be known why the accused killed Venkatesh and whether they had financial dealings with him too.

Mandya SP N. Yathish guided Mandya Rural Sub-Inspector Kumar, ASI Chikkaiah and staff Jeshan, Rajendra Prasad, Praveen, Eshwar and Suresh Kumar in the nabbing operation.

Fight over toll ends in toll plaza staff's murder

Ramanagar, June 6- A fight over toll between the staff of a Toll Plaza and a group of youths ended in the murder of the toll plaza staff near Sheshagirihalli Toll Plaza in Ramanagar taluk on Sunday midnight.

The deceased has been identified as Pavan Kumar (26), a resident of Karikal Tandya in Bengaluru South taluk.

At about 9.30 pm, a luggage auto-rickshaw took longer to pay the toll at the NHAI's Sheshagirihalli toll plaza, about 30 km west of Bengaluru. As the goods auto did not have a FASTag, the driver was asked to pay double the toll in cash, as per the rules.

Meanwhile, a car with a FASTag and four passengers pulled up behind the auto. The car driver got impatient and sounded the horn, asking the staff to remove the barrier so he could pass. But the staff didn't pay heed.

One of the passengers got out of the car and picked an argument with the toll plaza employees Pavan Kumar and Manjunath. But things didn't escalate immediately there. The car moved on and stopped some distance away and the passengers got off the car and fought with the staff, the video of which is doing rounds on social media.

Local residents intervened and put an end to the fight but the gang lay in wait for Pavan.

Pavan and Manjunath finished their shift around 12 midnight and walked to a nearby lake for drinks. According to Police, the car passengers reportedly attacked Pavan and Manjunath with hockey sticks during which Pavan suffered a grievous head injury and was rushed to a private hospital where he succumbed to injuries early Monday morning. Manjunath also suffered injuries but is out of danger. Bidadi Police, who have registered a murder case, have launched a hunt to nab the accused.

Lucky escape for four as car falls into canal

Mandya, June 6- Four occupants of a car had a miraculous escape when the car in which they were travelling fell into VC Canal at Machahalli village in the taluk yesterday.

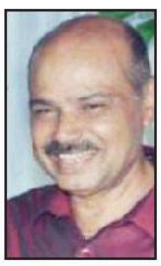
It is learnt that a man from Pandavapura, along with his wife and two children, was proceeding towards Pandavapura and when the car took a turn at Machahalli, the person behind the wheels of the car lost control of the vehicle which plunged into the canal. As there was very less water in the canal, the family escaped with minor injuries.

Villagers, who saw the car plunging into the canal, rushed to the spot and rescued the occupants of the car and shifted the injured to a hospital.

A case has been registered at Shivalli Police Station.

Obituary

K.R. Dayananda



Madikeri, June 6- K.R. Dayananda (59), a Livestock Development Officer, who was serving at the Government Goshala in the outskirts of the town and a resident of Mekeri near Madikeri, passed away after suffering a heart attack while on duty yesterday.

He leaves behind his wife, one son and a host of relatives and friends.

Dayananda, who was serving at Madikeri Taluk Veterinary Hospital, was proceeding to the Goshala in K. Nidugane Gram Panchayat limits when he suffered a heart attack and breathed his last.

Last rites were held at Mekeri today, according to family sources.

Two seriously injured as car topples on Mysuru-Bengaluru Expressway

Mandya, June 6- Two persons suffered serious injuries while three others sustained minor injuries when the car in which they were travelling toppled on Mysuru-Bengaluru Expressway near Chikkamandya yesterday afternoon.

The seriously injured are 30-year-old Arjun and 25-year-old Manjunath G. Adiga of Bengaluru. All the five occupants of the car were travelling from Bengaluru to Mysuru and when they neared Chikkamandya, one of the tyres of the car burst resulting in the car toppling twice on the Expressway.

Luckily, there were no vehicles proceeding in front of the car. The injured have been admitted to Mandya's MIMS Hospital.

Mandya Central Police, who visited the spot, conducted an inspection besides registering a case in this regard.

Horticulture Department watchman assaulted near Raja Seat

Madikeri, June 6- The watchman of the Horticulture Department has been hospitalised after he was assaulted by a trader outside Raja Seat in Madikeri on Sunday night.

While the injured watchman is Jayanna, the trader, who allegedly assaulted him, is Khaleel.

Jayanna was working as a watchman at Raja Seat on contract basis and his wife Susheela runs a toy shop. At about 8 pm on Sunday, wordy duel ensued between Jayanna and Khaleel during which Khaleel allegedly assaulted Jayanna with a stick injuring him on his head. Later, Jayanna and Susheela got themselves treated at the District Hospital. The video of the assault has gone viral on social media.

Watchman Jayanna

Madikeri City Police, who have registered a case, have initiated legal action on Khaleel.

Stray woes spark heated debate at MCC post-Budget meeting

Mayor Shivakumar, flanked by Dy. Mayor G. Roopa and MCC Commissioner G. Lakshmikantha Reddy, during the MCC post-Budget meeting at the MCC premises yesterday.

- **Mayor Shivakumar warns Officers of relieving from service if they fail to act efficiently**
- **Corporators urge for hiking fine amount for letting out cattle on roads**

Mysuru, June 6 (SBD&BS)- Mayor Shivakumar has instructed Mysuru City Corporation (MCC) Officers to ensure that stray cattle do not create trouble on the roads in the city.

Following the tabling of Budget of MCC for the year 2023-24 at Nalwadi Krishnaraja Wadiyar Council Hall, there was a serious discussion on the menace of stray dogs and stray cattle, yesterday.

As the Accounts Officer informed the meeting that a revenue of Rs. 6 lakh can be expected from the penalty levied on stray cattle, some of the Corporators demanded the amount of fine should be increased further to control the menace of stray animals, as the general public are severely inconvenienced.

Former Mayor and sitting Corporator Pushpalatha Jagannath, along with fellow Corporators Shanthakumari and Begum (Pallavi), alleged that several people have suffered injuries after being gored by cows and in some instances even accidents have occurred due to stray cattle.

Corporators Ayub Khan and Syed Hasrathulla, who also endorsed the words of earlier speakers alleged that the fine amount for letting out stray cattle should be increased from Rs. 500 to Rs. 1,000 and relieve those Officers who show negligence in discharging their duty.

In his reply, Mayor Shivakumar said: "the menace of stray cattle cannot be controlled merely by increasing the fine amount. It is possible only when our Officers work efficiently and the City Corporation will provide required system. I have instructed the Officers not to allow stray animals to road at any cost. If the Officers show reluctance, disciplinary action will be taken against them."

Corporator Ayub Khan, who spoke again, asked the Mayor, "will you step down if the action for controlling stray cattle wasn't taken within 15 days. There is also a change in pattern of attack by stray dogs, as there are incidents of dogs biting hard like leopards and tigers, with some of the victim children also undergoing plastic surgery."

The Mayor, who shot back, asked Ayub Khan, whether you will rein in stray cattle if the fine amount is increased as per your demand. There will be no impact by hiking fine amount, instead the Officers have been instructed to work effectively in the interest of general public, he said.

Chairman of Finance Standing Committee at MCC R. Nagaraj advised to issue a public notification on measures to be taken to control stray cattle.

Stray dogs

The Accounts Officer at MCC also informed the meeting that Rs. 10 lakh will be set aside for providing compensation to victims of stray animals including dogs.

Corporator Rangaswamy said: "I have taken five doses of injection due to dog bite. I don't want any relief, but the authorities concerned claim helplessness, when told to catch the dog, citing non-availability of van."

Corporators V. Ramesh, Bhagya Mahadesh and Ashwini Ananthu, who also had similar queries, said that there is a rise in pig menace too.

MCC Commissioner G. Lakshmikantha Reddy, who intervened, cited the Court order that restrains stringent action against stray dogs — neither by restricting them to one place nor by shifting them elsewhere.

There were also discussions on stocking precast manholes in the premises of Vani Vilas Water Works (VVWW) and incomplete public toilets.

Mayor Shivakumar, who lost his cool, also instructed the Officers to submit a report within the next Council meeting on June 9, about the status of construction of public toilets, electricity and drinking water system, with a warning to relieve those Officers in the event of any failure to submit the report.

Where is Robot?

A robot machine brought by MCC spending several lakhs of rupees for the maintenance of Underground Drainage (UGD) system in the city, also triggered a heated debate.

While discussing on the funds earmarked for buying equipment in the Budget, Corporator Prema Shankaregowda questioned about 'Robot' that was deployed to scan one kilometre of area towards the maintenance of UGD.

It was echoed by other Corporators like Vedavati, M.C. Ramesh and M.U. Subbaiah.

Strangely, even though Mayor and MCC Commissioner asked the Officers angrily in this regard, they kept mum.

Finally, one of the Officers who walked to the podium, informed that 'Robot' is in fine condition and the service will be provided on demand.

However, some of the Corporators claimed to have not seen the robot. Following this, Mayor Shivakumar told the Officers to come out with clarity by the next Council meeting.

Diagnostic and Dialysis Centres

Senior Corporator Shanthakumari urged the authorities to consider the proposal on setting up a diagnostic centre with X-ray, scanning and other facilities for the benefit of the poor.

Another Corporator V. Ramesh demanded setting up of a dialysis centre, in the wake of rise in number of people suffering from kidney ailments.

Multi-level parking lot

Mayor Shivakumar, who shared his intent to build at least one multi-level parking lot during his tenure in office, said: "A place opposite KSRTC Suburban Bus Stand had been identified for building multi-level parking lot. However, as a canal passes through the land identified, not much space will be available for the project. When I spoke to DC in this regard, he has promised to provide space near Nanjaraj Bahadur Choultry on Vinoba Road. If it becomes a reality, we can also arrange four battery operated vehicles for the benefit of aged persons from the parking lot to visit market and other places."

MCC Budget evokes mixed reaction

Mysuru, June 6 (RK&BS)- Mysuru City Corporation (MCC) Budget for the year 2023-24 has evoked a mixed reaction from Legislators & Corporators alike.

Former Mayor and sitting Corporator Ayub Khan, who made a mockery of convening the Budget meeting, ignoring the normal procedure of calling the meeting in March, said: "There was no mention of Unduwadi Drinking Water Project, which should have been at least discussed in the Council meeting."

Ayub Khan advised to take a cue from the Chief Minister who has been implementing five Poll Guarantees soon after the announcements were made, by implementing the Budgetary promises within the remaining tenure by implementing the projects.

"I have gone through over 20 Budgets, but not all the promises have seen the light of the day. The efforts should be made at least now," added Khan who welcomed proposal to develop circles, but along with Tipu Circle.

Corporator Ashwini Ananthu suggested to make online payment system for payment of water bill and other taxes. It is a good effort on the part of MCC to develop lakes and kalyanis (ponds) and build rest houses for Pourakarmikas, she said.

Corporator B.V. Manjunath said: "It is claimed that 80% of the promises made in the previous Budget have been implemented, but there is no written information. Efforts should have been made to implement cent percent of the promises made in the Budget and priority should have been given for paperless presentation of Budget, besides developing the circles in the city."

Corporator SBM Manju said: "A Committee should be constituted for the implementation of Budgetary promises. While developing circles in the city, Raja Gopura should be built for the statues of Rashtrakavi Kuvempu and former Deputy Prime Minister Babu Jagjivan Ram. A survey should be conducted before taking up development works of the stadium.

MLA T.S. Srivatsa urged the authorities to explore the possibilities of giving concession on the water bills of slum dwellers falling under Below Poverty Line (BPL). Moreover, a delegation should be taken to the Chief Minister before the State Budget to devise plans for tourism development along with overall development of Mysuru.

MLA K. Harishgowda gave a call for developing Mysuru without clinging on to party barriers. "We have been hearing about the proposals to build a stadium and swimming pool at Kumbarakoppal for the last four to five years, which should be a reality at least this year. We will go to the Chief Minister, with the only motive of discussing about development works," he assured.

10 months on, 40 percent work over

(Continued from page 1)

The retaining wall needs to be built on level ground and to avoid pressure, engineers have excavated deep enough (up to 30 ft) for the base material and one course of wall material. This structure is then fixed to the rocks (with tension-resisting steel rods) so that it will stay put even in adverse conditions and heavy rains," PWD EE Raju added.

The retaining wall is being constructed based on the suggestions of scientists from the Indian Institute of Science (IISc.), Bengaluru, who have submitted a detailed report on the landslides after soil testing and other studies and the methodology of constructing the retaining wall. Landslides have taken place at two locations a couple of times on the Nandi Statue Road. Once the work of this retaining wall is completed, the work on the other portion will have to be taken up and a fresh estimate has to be prepared for the Government to sanction money.

Ever since the landslides, the road to Nandi Statue has been closed for traffic while the other roads leading up the Hill are open.

Abhishek Ambarish weds Aviva Bidapa

Actress-turned-MP of Mandya Sumalatha Ambarish and late Rebel Star Ambarish's actor-son Abhishek Ambarish tied the nuptial knot with Fashion Guru Prasad Bidapa's daughter Aviva Bidapa at Bengaluru yesterday. Actors Rocking Star Yash and his wife Radhika Pandit, who attended the marriage ceremony, are seen with the newly wed couple.

Dr. Gowri Kuppuswamy passes away

(Continued from page 1)

Dr. Gowri Kuppuswamy was awarded Ph.D degree for her thesis 'A Comparative Study of the Scales of Karnatak and Western Music' by Arizona University, USA, way back in 1982 and was conferred Hon. Doctorate by Karnataka State Dr. Gangubai Hangal University for Music and Performing Arts, Mysuru, on March 7, 2017. She was recently chosen for the one-time Sangeet Natak Akademi Amrit Award-2022 (Karnatak Music) which she was to receive from the President of India.

*[Star of Mysore had published her interview titled **'Timeless melodies of a living legend Gowri Kuppuswamy'** on March 8, 2023.]*

City BJP protest power tariff hike

Mysuru, June 6 (MTY&BS)- As part of a State-wide protest against the hike in power tariff and demanding the implementation of free 200 units of power for every household, scores of BJP workers led by Krishnaraja MLA T. S. Srivatsa staged a protest in front of BJP City Office in Chamarajapuram here this morning. The protesters, who raised slogans against the State Government, demanded that the hike in power tariff by 70 paisa per unit must be revoked, besides implementing the promise of free 200 units of power in toto, without any conditions.

Former MLC Thontadarya, former Mayor Sunanda Palanetra, BJP Mysuru District Rural President Mangala Somashekar and other leaders took part in the protest.

Mysuru-Kushalnagar four-lane Highway

MP sets deadline for land acquisition process

Mysuru-Kodagu MP Pratap Simha seen discussing with NHAI Chief Engineer Vivek Jaiswal and others yesterday.

Mysuru, June 6 (RK&BCT)- The land acquisition process for the Access-Controlled Four-Lane Expressway between Mysuru and Kushalnagar will be completed within one-and-a-half months. Once the land is acquired, it will be handed over to the National Highways Authority of India (NHAI).

Prime Minister Narendra Modi has already launched the Rs. 4,130 crore project to lay a 93-km-long Highway between Mysuru and Kushalnagar and tenders have been awarded for the works to be taken up in two packages — from Paschimavahini in Srirangapatna to Periyapatna and Periyapatna to Guddehosur. The new road will join the Expressway between Mysuru and Bengaluru.

Mysuru-Kodagu MP Pratap Simha told *Star of Mysore* yesterday that "I met NHAI Chief Engineer Vivek Jaiswal at his office and apprised him about the ongoing land acquisition process and asked the NHAI Authority to disburse compensation to the people who have given away their lands."

"I have instructed the speeding up of the land acquisition process and it will be completed within one-and-a-half months after which the tender process will be taken up. The NHAI has already completed the alignment and design of the Expressway including bypasses, bridges and underpasses. Departments like Forest, Irrigation, Revenue, Energy and Horticulture have been asked to be ready to shift the existing infrastructure before the Expressway comes up and accordingly, funds have been released," MP Simha added.

Once the Expressway is completed, there will be a seamless connectivity from Madikeri to Bengaluru where vehicles can directly enter the Mysuru-Bengaluru Expressway at Paschimavahini without touching Mysuru, he added.

Underpasses on Ring Road

In a separate meeting with the NHAI Chief Engineer Narendra Sharma, the MP discussed the construction of underpass or a grade separator or an overbridge on the Outer Ring Road. The NHAI has drawn up a plan to set right and develop accident spots including four railway underpass spots.

Simha said money has been earmarked for pending works at four underpass spots and development on Mysuru Ring Road. The MP asked the NHAI to complete the land acquisition process this June and start the works from the first week of July.

He also asked the NHAI to construct 21 retaining walls on Madikeri-Mangaluru Highway from Madikeri to Sampaje to prevent landslides and expand the Hunsur Bypass into a four-lane road.

Beneficiaries remember Devaraj Urs with gratitude on his 41st death anniversary

MCC Deputy Commissioner (Admin) Savitha speaks during 41st death anniversary of former Chief Minister D. Devaraj Urs in city this morning.

Mysuru, June 6 (PM&DM)- The 41st death anniversary of former Chief Minister D. Devaraj Urs, who is often described as the Champion of Backward Classes, was observed in a special manner in the city with the District Administration in association with ZP and Backward Classes Welfare Department, holding an interaction meet of beneficiaries of various schemes introduced by the late CM, at Devaraj Urs Post-Matric Girls Hostel in Kuvempunagar here this morning.

University of Mysore Registrar V.R. Shylaja, who spoke, said that she is a beneficiary of Deveraj Urs schemes that were introduced when he served as the CM in the 1970s, as she studied staying at a Backward Class Hostel established by him. She also highlighted how the various welfare and upliftment schemes introduced by Urs had helped the poor and marginalised sections of the society.

MCC Deputy Commissioner (Admin) Savitha said she is an indirect beneficiary of Urs' 'The tiller is the owner of the Land' *(Uluvavane Bhumi Vodeya)* as her landless grandfather could get 3 acres of land under the scheme. Pointing out that she studied at a Backward Class Students Hostel from 1999 to 2002, she said that Urs should be credited for bringing about an equitable reservation policy, which benefited lakhs of people.

Dr. Malegowda, an ESI Hospital faculty in city, said he too was among the lakhs of beneficiaries. Recalling that he stayed at a BCM hostel in Saraswathipuram during his student days, he observed that Devaraj Urs dedicated his life for the welfare of Backward Classes.

Several other beneficiaries from the city and the district too shared their thoughts on Urs.

Backward Classes Welfare Department District Officer Mahesh, City Congress President R.Murthy, District President Dr.B.J. Vijaykumar and others were present.

Apollo Cardiovascular Symposium-2023 held

Experts discuss newer technologies in Cardiac Care

FROM LEFT: ***Dr. Aman Naik, Dr. Arun Srinivas, Chief Cardiologist and Head of the Apollo Heart Institutes; Bharateesha Reddy, Vice-President and Unit Head, Apollo BGS Hospitals; Dr. K.H. Prasad, DHO and Dr. H. Basavana Gowdappa, Principal of JSS Medical College, seen during the inauguration of 'Apollo Cardiovascular Symposium-2023' in city recently.***

Mysuru, June 6- Apollo BGS Hospitals, Mysuru, had organised 'Apollo Cardiovascular Symposium-2023' at Hotel Radisson Blu Plaza in city recently.

District Health Officer (DHO) Dr. K.H. Prasad, who inaugurated the symposium said, "In this era of rapid development happening in the field of cardiology it is very important to keep ourselves updated about the innovation and technologies in cardiology." He appreciated the hospital for serving as a platform to discuss and educate the latest developments in the field of cardiology.

Bharateesha Reddy, Vice-President and Unit Head, Apollo BGS Hospitals, Mysuru, presenting the latest developments and future plans of the hospital said, "We have been in the forefront of cardiac care and in adopting newer technologies like OCT, TAVR, FFR, Bioabsorbable stents, Rotational Atherectomy, CRTD, LBBP, giving Mysureans the privilege of getting the best cardiac care facilities within their reach, especially during emergencies, with increased chances of survival."

Dr. Arun Srinivas, Chief Cardiologist and Head of the Apollo Heart Institutes, Apollo BGS Hospitals, Mysuru, said "Management of cardiac emergencies and heart attacks in hospitals around Mysuru region lacking cath lab facilities has been our focus. We strive to reduce the risk of sudden cardiac deaths due to arrythmias' and pulmonary embolism with the help of advanced diagnostic and therapeutic techniques. ACVS gives us an opportunity to present these novel techniques and their implementation in the past few years in the treatment of critical cardiac patients."

The symposium started with a presentation on 'Venous Thromboembolism - An important cause of sudden death' by Dr. Arun Srinivas.

Dr. R. Keshava of Fortis Hospitals, Bengaluru, spoke on 'Management of ACS in non-cathlab setting'; Dr. S. Jayaprakash Shenthar, of Fortis Hospitals, on 'Management of Cardiac Arrhythmia in clinical practice' with a quiz on ECG.

Dr. B.C. Srinivas of Apollo Hospitals, Sheshadripuram, spoke on 'TAVI - A boon for severe Aortic stenosis in the elderly'; Dr. Karthik Vasudevan of Manipal Hospital, Bengaluru, on 'Evolving novel therapies for Chronic Heart Failure'; Dr. Anand Subramanyam of Apollo Hospitals, Sheshadripuram, on 'Surgical therapy for Heart Failure and Cardiac Transplantation'; Dr. Chethan Bharadwaj and Dr. H.G. Gowtham of Apollo BGS Hospitals, Mysuru, made case presentations on usage of newer techniques in treatment of cardiac patients and how survival with primary angioplasty is far superior than conservative medical treatment.

In all, 200 doctors comprising Cardiologists, General Physicians & Family Physicians from Mysuru, Mandya, Hassan, Kodagu, Chamarajanagar, Kollegal, Nanjangud and Hunsur attended the symposium which focused on technology transforming cardiac care and speakers discussed at length the current management techniques, evidences of adaptation of these techniques, the transformation brought in by technology and future possibilities in cardiac care.

Nexus Centre celebrates World Environment Day

World Environment Day was celebrated by Nexus Centre City Mall in Mysuru on June 3 in association with Karnataka Forest Department and Karnataka State Pollution Control Board by sowing 10,000 seeds and planting many tree saplings of native species inside the forest in Chamundi Hill. Members of the Mall Management and all the shop employees took part.

UoM placed 44th in National Institute Ranking Framework

Mysuru, June 6 (RK&BS)- University of Mysore (UoM) is placed 44th in the evaluation conducted by Union Ministry of Education through National Institute Ranking Framework (NIRF).

Union Education Minister Dharmendra Pradhan released the merit list of higher education institutions of the country yesterday. Among Public Universities in the State, Mysore University stands first, stated UoM Vice-Chancellor Prof. N. Lokanath.

For four consecutive years, UoM has secured NIRF India ranking below 50, considering various parameters — like teaching learning and resources, research and professional practice, graduation outcome, outreach and inclusivity and perception. It's a matter of happiness that, even amid lack of adequate teaching staff and other limitations, the Varsity has succeeded in getting 44th ranking.

"I also congratulate the Syndicate and Academic Council Members, PMIB, teaching and non-teaching faculty and students for this achievement," stated the VC.

JSS AHER continues to repeat its feat in NIRF ranking

Mysuru, June 6 (BS)- JSS Academy of Higher Education and Research (JSS AHER), Mysuru and its constituent Colleges continue to be positioned well in National Institute Ranking Framework (NIRF)- 2023.

For the last eight years, JSS AHER has continued to position itself within top 50 in NIRF rankings. This year JSS AHER has retained its 34th position as a University and improved in overall ranking category from 60th to 55th position among 8,686 participating Higher Education Institutions (HEIs).

The constituent Colleges of JSS AHER have also exemplified themselves in a similar manner — JSS College of Pharmacy in Ooty and Mysuru have been positioned within top 10 Pharmacy Colleges in the country, ranked fourth and seventh respectively; JSS Dental College, Mysuru, ranked 11 and JSS Medical College, Mysuru, 37.

JSS AHER is the only Health Sciences and Life Sciences focused University to find position among top 50 Universities in the country and third in Karnataka.

In the Times Higher Education Impact Ranking (based on Sustainable Development Goals - SDGs) that was announced earlier this week, JSS AHER was placed in 301-400 rank band globally and seventh position in the country.

It excelled well in SDG 3 "Good Health and Wellbeing" positioning at 16th rank out of 1,218 institutions globally and first in India. JSS AHER is once again recognised for its services to society through outreach activities by securing 65th rank globally for SDG 1 "No Poverty" and stands first nationally.

This is further supported by its performance in SDG 15 "Life on Land" with 101-200 position globally and third nationally and SDG 2 "Zero Hunger", 201-300 rank globally and fourth in India.

It was ranked second nationally and 201-300 globally in SDG 10 "Reduced Inequalities".

This reflects the world class quality and standard in teaching, learning, research and health care practices at JSS AHER, which aims to further diversify its offering by bringing in innovative programmes in Engineering, Science & Technology and Humanities, according to a press release from its Registrar.

IISc. Bangalore, IIT Madras top institutes of country: NIRF

New Delhi, June 6- The Indian Institute of Science (IISc.), Bangalore and Indian Institute of Technology (IIT), Madras, have emerged as top educational institutions of the country.

IIT Madras has topped in overall NIRF Rankings, followed by IISc., Bangalore in second position, IIT Delhi third, IIT Mumbai fourth and IIT, Kanpur fifth.

Among the University section, IISc., Bangalore has topped, followed by Jawaharlal Nehru University (JNU) in the second spot and Jamia Millia Islamia (JMI) third position. Jadhavpur University, Kolkata, Banaras Hindu University, Varanasi, Manipal Academy of Higher Education (MAHE), Amrita Vishwa Vidyapeetham, Coimbatore, Vellore Institute of Technology (VIT), Aligarh Muslim University (AMU) and University of Hyderabad, have secured later positions.

Ministry of Education (MoE) had placed a draft report proposing major overhauls in accreditation system for Higher Educational Institutions in the public domain. The report was formulated by an Overarching Committee constituted by MoE and chaired by Dr. K. Radhakrishnan, Chairperson of the Standing Committee of Indian Institute of Technology (IIT) Council.

Just five years after rejuvenation...

Sewage, hyacinth choke scenic Thippayyanakere

In 2018

In 2023

Mysuru, June 6 (RK&BCT)- Water hyacinth (Eichhornia) is choking the picturesque Thippayyanakere near Lalithadripura as gallons of sewage water flow into the lake day in and day out from Sardar Vallabhbhai Patel Nagar, Police Layout, Giridarshini Layout, Alanahalli Layout and surrounding areas.

The 12.36-acre Thippayyanakere, situated at Nadanahalli adjacent to Ring Road in Lalithadripura, was rejuvenated in 2018 by the Confederation of Indian Industries (CII), Mysuru and District Administration under "Project Mysuru Water Positive by 2021." The rejuvenation was funded by Automotive Axles Ltd. under its CSR initiatives.

The rejuvenation included prevention of sewage flow, desilting, erecting of fences to give it a clear identity, removal of encroachments, planting of ornamental plants, gardens and laying of sitting and walking areas. Now sadly after five years, the Lake is back to square one and resembles a stinking cesspool with poisonous green growth on top. Residents have complained that they cannot walk near the Lake.

Conservationists stress the urgent need to effectively address the issue of water weed proliferation in the lake to ensure its sustainable conservation. They propose two key measures: Regular Lake cleaning and the complete cessation of untreated sewage discharge.

Destructive weed

While water hyacinth can have beneficial qualities, such as its ability to absorb phosphates, nitrates and other heavy metals from the water, it is crucial to limit its presence to a maximum of five percent of the water surface. Excessive growth of these weeds can result in their decay within the Lake, emitting an unpleasant odour.

The proliferation of water hyacinths causes them to float on the water surface, gradually suffocating the lake. Their abundance serves as a concerning indicator of water pollution, particularly in areas where drainage water is prevalent.

Oxygen depletion

Extensive weed growth obstructs sunlight and depletes oxygen levels, depriving fish of their food source and leading to their demise. Consequently, this directly impacts bird populations, disrupting their ecological balance due to the absence of fish.

Speaking to *Star of Mysore*, Manu Kumar, one of the Directors of Samana Manaskara Vedike and an area resident said that after the cleaning drive by CII in 2018, this is the first time hyacinth has grown to this extent. "Water is not at all visible now and weeds have choked the water body," he said.

The Mysuru Urban Development Authority (MUDA) tried to construct a Sewage Treatment Plant here but residents of certain layouts opposed it saying that smell will emanate from the plant and living amidst smell will be miserable. "We have given a letter to the DC and MUDA Commissioner and also written to the Prime Minister's Office, seeking urgent intervention," he added.

'Shifting sewage line away from Lake is the only solution'

The Thippayyanakere garden and the park around it is maintained by the Mysuru Zoo while the ownership of the water-body is with MUDA. An officer from the Zoo, who requested anonymity, told *Star of Mysore* that the permanent and viable solution is to shift the sewage line that is entering the Lake. "MUDA has to divert the sewage line and it is a multi-crore rupees project," he said.

"Daily sewage flow is a big headache for us and unless the sewage line is completely plugged, the Lake cannot be rejuvenated and maintained and this is the only solution. It will remain a stinky hole and the water-body will die slowly," the officer added.

Earlier, there were over 200 to 300 houses around the Lake vicinity. But now, there are 3,000 to 4,000 houses and the entire sewage is let into the Lake. A septic tank was created near the Lake (inside the park) by MUDA for the sewage of 300 to 400 houses to flow. Now that the population has increased, the septic tank is overflowing and the water is entering the Lake.

The sewage line must cross the Lake and go further to save the water body. "We tried our best to treat the sewage water through some natural methods but the quantity of wastewater entering the Lake on a daily basis is huge and way beyond natural treatment methods," the Officer added.

Zoo has full control over Lake: MUDA Commissioner

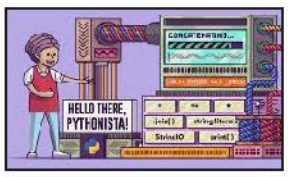
Commenting on the issue, MUDA Commissioner G.T. Dinesh Kumar told *SOM* that the Thippayyanakere, its boundaries and gardens are being maintained by the Zoo Authority of Karnataka (ZAK). "We cannot take up any works as the water-body has been handed over to the ZAK way back in 2016 based on the report from the Mysuru Tahsildar. The handing over order has been issued by the Deputy Commissioner," he said.

Dinesh Kumar

"The ZAK and the Mysuru Zoo have complete control of the Lake and they can initiate any development works. We can take up any work only if the Lake is handed back to us. In such a case, we are ready to develop the water-body," the MUDA Commissioner added.

WORD OF THE DAY

Concatenate



Pronunciation: kahn-KAT-uh-nayt.
Meaning: Concatenate is a formal word that means "to link together in a series or chain."
Origin: It's Latin in origin, formed from a word combining con-, meaning "with" or "together," and catena, meaning "chain. " (The word chain is also linked directly to catena.) Concatenate can also function in English as an adjective meaning "linked together," as in "concatenate strings of characters," but it's rare beyond technology contexts. More common than either concatenate is noun concatenation, used for a group of things linked together in a series, as in "a concatenation of events led to mayor's resignation." Concatenation is used mostly in formal contexts. We personally would be tickled if professional baseball players aspired to play in the "World Concatenation," and people talked about the latest concatenation they've been binge-watching.
Example: "Smell is intimacy made sensate. Its knowledge precedes words. Smelling makes people uncomfortable because it mashes all the limbic buttons and leaves us bereft of language. Unlike vision, which surveys and controls a scene from an emotional distance, smells act on us instantly and make us relinquish our agency. All this can deepen immersion. Most importantly, smell matters because all our senses concatenate and build on each other. Smell is a 'support' sense: not always noticeable, but often operating powerfully under the radar, and easily activating strong emotions, judgments, and memories without conscious thought." **— Jude Stewart**

THE ODD WORD

Calcimine

To whitewash.

PHRASE OF THE DAY

Champagne taste on a beer budget

Meaning: Someone who lives above her/his means and likes expensive things she/he can't possibly afford.
Origin: Towards the end of the 19th century, champagne was associated with prestige, luxury and a symbol of status and class. Since its invention beer is the most popular alcoholic beverage, representing a more affordable and common lifestyle. The phrase combines the two, meaning luxury on limited income. It was first recorded in a news item by Howard Fielding and Frederick R.Barton 'The Victim of his Clothes'. Published in the July edition of The Globe-Republican in 1890: "School mastering I found, did not pay for a man who had acquired champagne taste on a beer budget..."
Example: Laura - "I can't believe Kimberly spent her entire salary on her red Jimmy Choo's." Dana - "That doesn't surprise me at all, she has a champagne taste on a beer budget."

QUOTE BOX

Give me a woman who loves beer and I will conquer the world.

— Kaiser Wilhelm

RIDDLE THIS

Solve the rebus:

Answer: Round shouldered.

CROSS WORD

ACROSS:
1 A coin of ancient Greece
5 __ by __ (same word): slowly and methodically?

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
